

# Hiba Kuzaiha Hlayhel

Dear parents, Asalamu Alaykum. My name is Hiba Kuzaiha Hlayhel. This is my 4th year teaching FNO at ICEV Masjed. It's my pleasure to be your child's teacher. I thank you for giving me the honor to do so. I ask Allah to help us be good role models for our children. Let me take a moment to tell you about myself. I enjoy teaching more than anything. I started teaching Sunday school when I was 17 years old and I fell in love with it! I have four wonderful children ages 9 through 18. I know how challenging children can be! With the help of Allah, I will try my best to make learning about our Deen Al-Islam both fun and exciting for my class.

**Knowledge has a very special place in Islam.** It's important that we not only teach children the basic curriculum, but also instill in them the love of Allah SWT and the prophet Muhamad peace be upon him, and to learn and acquire Islamic knowledge throughout their lives. As Parents and Teachers, We have a very important role to play in our children's lives. We have to raise them to be proud of themselves and their religion and who will be great citizen of our country, and to excel in the society. We all know that the first years of kids' life are of utmost importance for their success as adults. Therefore, I really appreciate if you can review the classwork (Hadith & Duaa) with your child at home on a daily basis. Ask them what they have learned that week in class. We need to work together to make this program a success.
